

Suicide Awareness Voices of Education
www.save.org / 952-946-7998

OUR MISSION: To prevent suicide through public awareness and education, reduce stigma, and serve as a resource for those touched by suicide.

2019 Annual Report

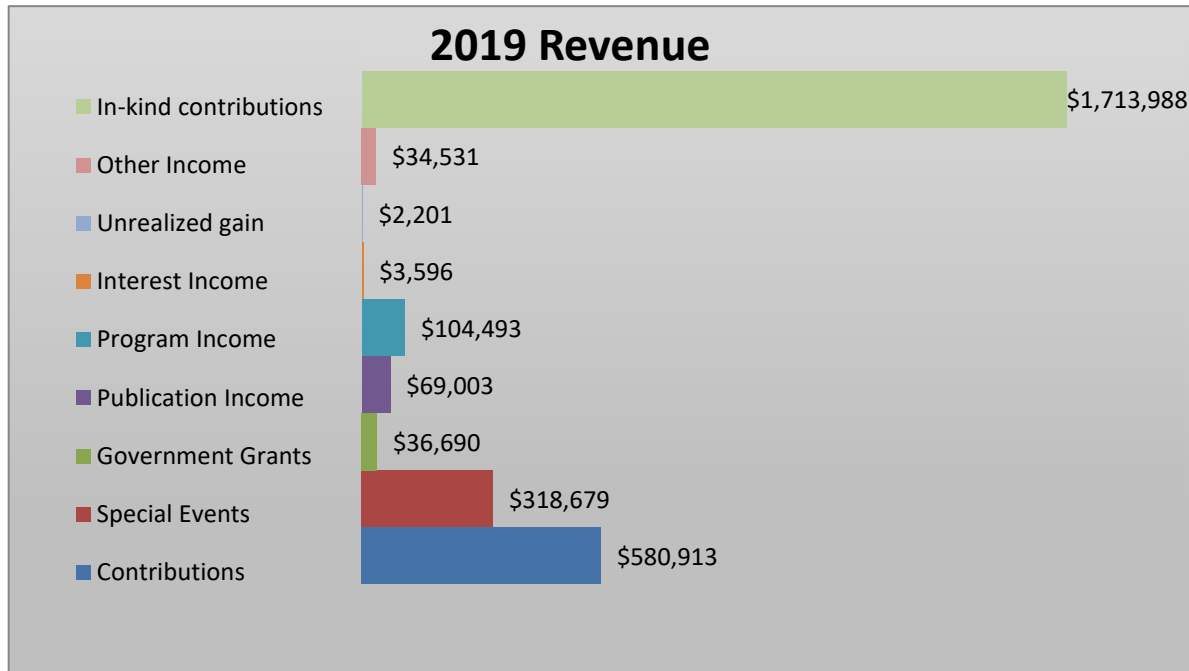

2019 Program Highlights

SAVE is a national organization who has been working to raise awareness of the connection between mental illness and suicide since 1989. **SAVE's** messages, materials, professional trainings, and community presentations, target a broad audience of people throughout the United States. **SAVE's** mission calls for programming in three important areas:

- Our **multi-media campaigns** are the foremost tool for raising awareness about suicide prevention. The campaign includes TV, radio, newspaper, magazines, outdoor and indoor advertising PSA placement in addition to Public Relations exposure in TV, radio, print and digital media. In 2019 SAVE generated over 45 million impressions in our public awareness and media relations efforts. **SAVE** is extremely grateful to the media companies who donated space and time to deliver these important, life-saving and public relations campaigns.
- **Community and Professional Education** is an additional component of delivering the **SAVE** message. This is accomplished with the **SAVE** Speakers Bureau comprised of staff and trained volunteers who teach the symptoms of depression, the signs of suicidal behavior and how to intervene. Annually, **SAVE** responds to hundreds of requests to provide information in various settings – civic, professional, faith organizations, businesses, conferences and schools. In 2019, SAVE reached over 28,000 people in more than 55 appearances.
- **Resources and Support** are provided to those interested in information on suicide prevention and for people touched by suicide through save.org, publications, prevention and grief packets, an annual memorial, resource, referrals and more. In 2019 **SAVE** distributed more than 35,000 pieces of **SAVE** materials and our website received 1,321,149 page views from more than 222 countries, with 423,460 new visitors. **SAVE** is able to provide valuable resources and support with the assistance of nearly 250 volunteers around the country.
 - Had a national public awareness campaign on more than 400 radio stations every day of the year.
 - Supported survivors at our 30th Suicide Awareness Memorial, and we added 25 names to our Memorial Wall.
 - Re-designed our school program (LEADS) which is now undergoing independent testing and evaluation.
 - Moved our Peer Connections program to a global site where those struggling can connect in real-time with a peer with lived experience.
 - We worked hard to finish our new One Step Ahead workplace suicide prevention program that when released in fall of 2020 will be the only one of its kind in the world.

On behalf of our board, staff and volunteers, I want to thank you for all of your past support, we can't do this without you and we hope you keep walking with us on this journey of hope. Hope that one day your support will have helped us walk to an end of suicide.

Daniel Reidenberg - Executive Director SAVE
