

Suicide Awareness Voices of Education
www.save.org / 952-946-7998

OUR MISSION: To prevent suicide through public awareness and education, reduce stigma, and serve as a resource for those touched by suicide.

2021 Annual Report

2021 Program Highlights

SAVE is a national organization who has been working to raise awareness of the connection between mental illness and suicide since 1989. **SAVE's** messages, materials, professional trainings, and community presentations, target a broad audience of people throughout the United States. **SAVE's** mission calls for programming in three important areas:

- Our **multi-media campaigns** are the foremost tool for raising awareness about suicide prevention. The campaign includes TV, radio, newspaper, magazines, outdoor and indoor advertising. In 2021 SAVE generated over 26 million impressions in our public awareness and media relations efforts. **SAVE** is extremely grateful to the media companies who donated space and time to deliver these important, life-saving and public relations campaigns.
- **Community and Professional Education** is an additional component of delivering the **SAVE** message. This is accomplished with the **SAVE** Speakers Bureau comprised of staff and trained volunteers who teach the symptoms of depression, the signs of suicidal behavior and how to intervene. Annually, **SAVE** responds to hundreds of requests to provide information in various settings – civic, professional, faith organizations, businesses, conferences and schools. In 2021, SAVE reached over 10,000 people in more than 30 virtual appearances.
- **Resources and Support** are provided to those interested in information on suicide prevention and for people touched by suicide through save.org, publications, prevention and grief packets, an annual memorial, resource, referrals and more. In 2021 **SAVE** distributed more than 31,000 pieces of **SAVE** materials and our website received 1,125,787 page views from more than 219 countries, with 637,770 new visitors and 97,913 returning visitors. **SAVE** is able to provide valuable resources and support with the assistance of nearly 400 volunteers around the country.
 - Our national public awareness campaigns are on more than 400 radio stations every day of the year.
 - Added 20 names to our Named Memorial Interactive Wall.
 - Our Peer Connections program had over 325 people register in the program.
 - We are currently recruiting workplaces to pilot our new One Step Ahead workplace suicide prevention program.

On behalf of our board, staff and volunteers, I want to thank you for all of your past support, we can't do this without you and we hope you keep walking with us on this journey of hope. Hope that one day your support will have helped us walk to an end of suicide.
